

From: Richard Fu, Northumbria University

Subject: Acoustofluidics SIG meeting #5

Our next SIG Acoustofluidics meeting will be held at Heriot-Watt University, Edinburgh on 7 December 2018.

This meeting will be mainly focused on:

- Theoretical and numerical modelling of Acoustofluidics, with invited talks;
- Hands on practice and exchange of ideas for modelling work using commercial software, such as COMSOL, Abaqus, OpenFoam, and Lattice Boltzmann methods (LBM);
- Discussion of funding opportunities, collaborations, student/research staff exchanges/visits.

Please contact Richard Fu (Richard.fu@northumbria.ac.uk) for more information.
