

# UK Fluids Network dissertation prize

Rev. 15/2/18

The UKFN invites nominations for the best Fluid Mechanics-themed doctoral thesis from 2017. The winner will receive a prize of £500 and, along with two runners-up, will be invited to present their work at the UK Fluids Conference in Manchester in September 2018. There will be follow-up coverage of the winner and runners-up on the UKFN website.

## 1. Eligibility

Eligible dissertations should be in a fluids-related subject, submitted to a UK university for a doctoral degree between 1 January 2017 and 31 December 2017.

## 2. Nomination and selection process

A thesis is nominated for the competition by one of the thesis examiners, using the template given below. Besides details of the candidate and their thesis, the examiner must give a citation in 500 words saying why they think it is an outstanding dissertation. They must also include a second citation, of around 300 words, from the other examiner.

Nominations should be sent to [competition@fluids.ac.uk](mailto:competition@fluids.ac.uk) by **31 March 2018**.

The nominations will be evaluated by a panel composed of members of the UKFN Executive Committee, and the winner and two runners-up will be announced on 30 April 2018.

## 3. Presentations at the UK Fluids Conference

The winner and runners-up will be invited to present their work at the 2018 UK Fluids Conference, which takes place 4-6 September 2018 at the University of Manchester.

## 4. Nomination template
