

Sponsored by "Droplet and flow interactions with bio-inspired and smart surfaces" and "Fluid dynamics of liquid crystalline materials" SIG's

UKFN Early Career researchers are invited to attend a meeting aimed at bringing together ECRs across all UKFN SIGs.

The event is intended to be an informal meeting where ECRs have the opportunity to meet like-minded researchers, present their work with a talk or a poster and attend a workshop dedicated to career progression. The event concludes with a social gathering at a local pub.

This year's workshop will focus on
CV and cover letter writing

Depending on the number of attendees there is the possibility of subsidised travel costs.

If you are interested in attending this event **please register online** using the google form:

<https://forms.gle/wNXmt8JpeHgSG3R98>

Registration closes 16th December 2019
