

**From:** Richard Fu (Northumbria) & Thomas Franke (Glasgow), 30/06/2022

**Subject:** Acoustofluidic Conference 2022 - abstract submission extended deadline 31st July

The 2022 Acoustofluidics conference (<https://www.acoustofluidics.net/>) will be held in Glasgow, on 19-21 October 2022.

It will be the first time in a few years to be held face-to-face on site, and also this time it is in the UK, so we hope that you will take this good chance to attend. Please send around this information in your group or department if possible. There is a flyer [here](#).

The abstract submission deadline has been extended to 31st July, but is fast approaching. It is still two pages, as before, and the abstract submission site is already open at

[https://www.acoustofluidics.net/authors/abstract\\_submission.html](https://www.acoustofluidics.net/authors/abstract_submission.html).

For your convenience, an abstract template may be found [here](#). After the deadline, the abstracts will be judged to decide who will give oral presentation. We should also remind you that the images and contents should also be carefully selected and preferably should not have been published before.

We wish you all the best and hope to see you personally in Glasgow!
